Emergency

Vehicle accident or contact family? Use Emergency.

A car with civic sense.

Allow people to reach you in case of any issues with your parked car.

SAMPARK

Scan the code to contact
the vehicle owner

Wrong Parking | Emergency
Safe & 100% Masked Call

How it works?

1 Stick the tag

Place the durable waterproof Sampark tag on your car windscreen inside or outside.

Zero battery, zero maintenance.

2 Someone scans

If there's any issue with your parked car, bystander or security scans the QR code with any phone.

No special app required to scan.

3 They reach you

They tap to call or message you.
Voice calls route through NGF132 private masked cloud lines.

Masked Call | SMS | WhatsApp

4 You stay informed

You receive the call and resolve the parking issue instantly while your phone number stays 100% private.

Safe | Anonymous | Immediate

Why Sampark?

Privacy First

Your mobile number is never exposed to strangers, towing staff, or bystanders.

100% Encrypted VoIP

Helpful Community

Makes parking and courteous safer.
Reduces towing, vandalism, and traffic.

Civic Respect

Fewer Hassles

Get notified about immediately bumps, accidental flat tires, or headlights left on.

Instant Alerts

A Kinder City
